### HORSE AND TRACK.

What the Flyers are Doing at Home and Abroad.

Robert J. paced a mile in 2:04 at Rochester, N. Y., last week.

The various records are being broken each week, except Nancy Hanks', 2:04.

Joe Patchen beat the great Rubenstein last week in the fast time of 2:04, 2:06, 2:04.

Nellie A. (1) 2:29, (2) 2:19, proved the winner in the \$14,000 stake at Torre Haute for 8-year-olds. The best time was 2:10.

The great racing stallion Family, 2:10 has won 5 or 6 big races this season from the best grand circuit horses. Alton, 2:04, is about the only trotter capable of defeating him.

Just think of it, Rubenstein was sold about a year ago for \$3,500, and Mr. C. J. Hamlin is said to have recently offered \$42,000 for him. He is a four-year-old, and started out this season as a greener.

Lin Smith and Lin Marders are racing in the Southern Illinois Circuit, the former with the pacer Lily, by Post Boy, and the latter with his mare Stella, of unknown breeding. They expect a big lot of the money.

The pacer race between the Stacy Trotter and the Wells pacer last Saturday resulted in a draw, rain stopping the race. The trotter won the first heat and the pacer the second. Each won their heats without a break.

Frank Work, of New York City, still drives his famous road team, Dick Swiveller, 2:18, and Edward, 2:19. They are a remarkably well-preserved pair although the former is twenty-four and the latter twenty-two years of age.

The Fort Wayne (Ind.) Driving Club has arranged with C. J. Hamlin not to enter Robert J. in the free-for-all pace at the meeting, August 27 to September 1. Instead the Village Farm pacer will go in a special against the track record.

Trevilian, 2:10; David B., 2:12; and Dandy Jim, 2:11, the grey ghost of the West, are all by Young Jim, and were bred in the Blue Grass, and three more consistent race horses never looked through a bridle. Young Jim generally gets race horses.

The yearling colt Bingen, by May King, has no more engagements for this year, and has been turned out. His best work this season was a quarter over the Nicholasville track in 3:04 seconds. If nothing happens him, he will be a great Kentucky two-year old in 1895.

Mr. Crit Davis has been singularly unfortunate with his string of trotters this summer. His stable was more or less sick at the outset and several horses that were entered for races were unable to start. Not a single race has been won and the stable has been ordered home.

A free-for-all pace for \$1,000 has been announced by the Charter Oak Association to be added to the races on August 31, at Hartford, Conn. The entries are Mascoe, 2:04; Ony, 2:04; Major Wonder, 2:04; Crawford, 2:07; Saladin, 2:04; Will Kerr, 2:07; and May Marshall, 2:08.

There is no chance for the pacer S. R. that broke down Friday at Buffalo when Starr was warning him up for his race, to start again. After getting his stable back in place it was found that a bone was broken at the pastern joint. The horse has been placed in a sling, and every effort will be made to save him.

Ontarian, 2:07, (brother to On-line, 2:07), died at the Leah Stock Farm, near Goshen, Ind., on the 20th inst. He was a son of Shadelon Onward, 2:18, his dam by Chester Chief, son of Hambleton 10. He was bred by Messrs. Powell Brothers, Shadland, Pa., and made his record at Lyons, Neb., about a year ago.

### Funeral Appointments.

Will preach the funeral of James Vest's daughter and a small infant of his at Toms Branch, Morgan county, Kentucky, on the first Sunday in September, at 11 a. m. and 3 p. m. Dinner on the ground.

Will preach the funeral of Frank Williams' little son at the Grassy school house, the second Sunday in September at 11 o'clock a. m. and services also at 3 p. m. Dinner on the ground.

Will preach the funeral of Flen Nickell's wife and son, near the Ward school house, in a grove on Little Blackwater, on the third Sunday in September at 11 a. m. Services also at 8 p. m. Dinner on the ground.

Will preach the funeral of Dyro Caskey and his brother Henry Caskey, at the Cold Spring, in a grove about one mile below West Liberty, on the fourth Sunday in September at 11 a. m. Also services at 3 p. m. Basket dinner on the ground.

Will preach the funeral of Elder Louis in a grove on Trace Fork of Stillwater, near the school house, the fifth Sunday in September, at 11 o'clock a. m. and services at 3 p. m. Henry Taylor will be with me in the funeral. Other preachers are expected with me in all these funerals. J. A. HOWARD.

### Hazel Green Fair.

We are in receipt of a complimentary ticket to the fifth annual meeting of the Hazel Green Fair, September 4th, 5th, 6th and 7th. This fair has been uniformly successful and this year's exhibition promises to eclipse anything in its past history. Many parties from Montgomery have been attending previous meetings and this year will prove no exception to the rule. We wish our friends of the "prattiest town in the mountains" the unbounded success they deserve.—Mt. Sterling Advocate.

Our thanks are due the Hazel Green Fair Association for a complimentary ticket to their fair this week. It will be held September 4 to 7, inclusive. This will be no exception to the rule that the Hazel Green Fair is one of the best in the State. There is nothing "short" about the management and they deserve a big success; they take an entire page in their home paper to advertise their fair, and it is safe to presume that they had all their printing done right at home. Success to them!—Sharpsburg World.

We acknowledge the receipt of a complimentary ticket to the fifth annual exhibition of the Hazel Green Fair Association, which occurs September 4, 5, 6 and 7, 1894. H. F. Pieratt, President, and R. A. Kash, Secretary. If you wish to enjoy a week of genuine pleasure and the hospitality of a most generous people, you should go to the Hazel Green Fair.—Mt. Sterling Journal.

### A Nice Photograph.

Two Lexington girls met with a little mishap recently that makes them blush when they think of it. They had been to the World's Fair, and in the show case of a Chicago photographer they had seen for the first time the pictures of two young ladies as they were peeping through a torn newspaper. They admired the group very much and concluded to have their pictures taken in the same style when home in Lexington. The plan was carried into execution recently, and the photographer proudly placed one of the pictures in his show case. It did not stay there long. The artist had used a Chicago daily for the picture, and right under the face of the girls was the advertisement of a Chicago clothing merchant beginning thus: "Our pants are lined in the seat."

Robt. J. McIn, of the J. T. Day Grocery Company, Winchester, is visiting relatives and friends here. Rob is always a welcome visitor to Hazel Green.

### WOLFE COUNTY.

#### William's Gleanings.

Born, to the wife of Logan Landon, on the 25th, a girl.

Old Granny Ely has been very ill for some time, but is at this writing some better. She is aged 92.

The recent rains have revived corn crops and put new life in most everything. And by the way, I see that we have a fine prospect of a good mast—acorns, chestnuts and beech, and with this assurance why should the farmers continue to cry hard times?

Rev. E. P. Mickell, of the Presbyterian Church, assisted by Rev. J. M. Little and Bro. H. L. Cockerham, has just closed a protracted meeting at this place with some interesting manifest. We would be glad if Bro. Mickell would come again soon, for he is one that we hold in high esteem.

Old Mother Harper is lying very ill, being stricken with something like apoplexy. She was taken Saturday last at 10 p. m. falling suddenly on the floor, and has not eaten or taken any nourishment since, and this is the third day. She was apparently in good health when taken, being very lively and would weigh upwards of two hundred, and is about 85 years old.

#### Lee's Loss.

August 19, Mr. James Arnett is wearing a smile all over his face. He is a girl, you see.

Dick Landon has the fever, but Dr. Kash thinks he will soon have him all right again.

I have seen Daniel Morrison, but it's a boy I hear he wants to buy a new pair of boots.

Born, to the wife of B. F. Elam, Aug. 25th, a boy. Mr. Elam says he is working for the Republican party.

Henry Maddox has just returned home from a visit to West Virginia. He walked there and back. He is eighty-two years old.

Mrs. Lou Ann Patton, wife of Logan Patton, departed this life Aug. 20th. She has been a member of the Baptist Church, and has gone home to receive the wages of a Christian.

G. B. Maloney was gunning a cog wheel last Friday with every stone within several paces were looking on. The stone burst, but happily no one got hurt, though badly scared.

#### Lane's Icon.

A. J. Holton sold a coat to Isaac Holton for \$20.

T. Graham sold a nude coat to Wm. Shuck for \$40.

Mrs. G. R. Brewer who has been very ill for some weeks is improving slowly.

Byrd Spradlin and Calvin Hutton have just moved a saw and grist mill to this creek.

The great Christian union move has struck our community, and under its powerful influence there is now one of the greatest revivals of religion in progress that has ever taken in this community. It is being conducted by Elder Howard and H. F. Dungan. There have been 35 addition up to date, 19 of whom by baptism. God surely must be with those preachers. The church house is packed all times with people anxious to hear, and the interest is great. On Sunday they had a basket dinner.

#### Shanahan.

#### Lacy Creek Locals.

Born to the wife of J. P. Lacy, a girl. Father was W. Nickell and Mrs. Miles Fellen were the sisters.

E. McClure and family were visiting friends and relatives here last week, and left for their home in Morgan county Sunday.

A large crowd met at W. P. Lacy's last Sunday to eat watermelons, and found all they wanted. But that was not all. The table was loaded with all the good things the country affords, and all did eat and were glad they were there. Porter and Mollie are whole now, people and nice young housekeepers. We wish them great luck and much pleasure.

#### \$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CENEY & CO., Toledo, O. ## JO KENDALL WILL WIN.

Upon what some of the Republicans in this district, who profess to believe Hopkins will defeat Jo Kendall for Congress, rely, we are unable to tell. It certainly cannot be that they are counting on the Democrats of the mountain counties to bolt the gallant little Jo, for every one who is at all posted on political affairs in this neck of the woods knows how very popular the Democratic nominee is with all classes in the mountain counties of the district, and in those counties we venture the assertion that Jo Kendall will not only not lose any Democratic votes, but will get a right smart sprinkling of Republicans. Then it must be that the Republicans are counting on the Democrats of Montgomery and Clark to either vote against Kendall or stay away from the polls on election day. Hark, is this your dependence to get a Republican Congressman from this district? If so, you had just as well withdraw Bro. Hopkins now and save him the trouble and expense of canvassing the district, and give him more time to preach the gospel, which is, anyhow, better than preaching the false doctrine of the Republican party.

If there is a Democrat in the counties of Montgomery and Clark who will not vote for Jo Kendall, we have been unable to find him after diligent inquiry. We can say to the Democrats of the mountain counties with confidence that if they do as well (and we are confident they will) for Jo Kendall as Montgomery and Clark do, that his election is insured by a large majority.—Sentinel Democrat.

**September 1st, Last Day.**  
This date may not be the last day of all time, but it is positively the latest date that you can rent an Electropoise for two months for five dollars. All orders received on or before this time will receive prompt attention; all new instruments. Don't delay until the last day before making up your mind; take advantage of it right now. One of our patrons thus aptly expresses himself: "The Electropoise has cured me of neuralgia, indigestion and a complication of other ailments which had so completely wrecked my nervous system that my life was a burden. I had been sick for twenty years. I realize that the Electropoise is a propelling force in nature's store house for suffering humanity. It is nature's remedy, whose healing effect is so silent, so sure and yet so mysterious that it is justly termed the wonder of the age."

The slightest emotion of disinterested kindness that passes through the mind improves and refreshes it, producing generous thought and noble feeling. We should cherish kind wishes, for a time may come when we may be able to put them in practice.—Miss Mitford.

## Four Dates for 1894.

The following are the dates of meetings of Kentucky fairs this year as far as heard from:

**HAZEL GREEN, SEPT. 4-4 DAYS.**  
Bowling Green, Sept. 4-5 days.  
Burlington, Sept. 4-5 days.  
Paris, Sept. 4-5 days.  
Paducah, Sept. 11-5 days.  
Elizabethtown, Sept. 11-4 days.  
Horse Cave, Sept. 18-4 days.  
Sharpsburg, Sept. 18-4 days.  
Owensboro, Oct. 2-5 days.  
Germanstown, Oct. 3-4 days.

The blessing of an active mind, when it is in good condition, is, that it not only employs itself, but is almost sure to be the means of giving wholesome employment to others.—Anon.

"I know an old soldier who had chronic diarrhoea of long standing to have been permanently cured by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Edward Shumpek, a prominent druggist of Minneapolis, Minnesota. "I have sold the remedy in this city for over seven years, and consider it superior to any other medicine now on the market for bowel complaint." 25 and 50 cent bottles of this remedy for sale by John M. Rose.

Fun gives you a forcible hug, and shakes laughter out of you, whether you will or no.—Garriek.

James Killgore, of Meade county, Ky., a washboard that is attracting the attention of all who have washing to do, and he will have it here at the fair. All who used it recommend it as the best made. 5c.

## MULTUM IN PARVO.

Gambling is the child of avarice, the brother of iniquity and the father of mischief.—Washington.

The miser is as much in want of that which he has, as of that which he has not.—Psalms Syrus.

Happy the man who early learns the wide chasm that lies between his wishes and his powers.—Goethe.

Esteem can not be where there is no confidence; and there can be no confidence where there is no respect.—Giles.

Nature and certainty are very hard to come at, and infallibility is mere vanity and pretence.—Marcus Antoninus.

So should we live, that every hour may die as dies the natural flower, a self-reviving thing of power.—Lord Houghton.

We can not conquer fate and necessity, yet we can yield to them in such a manner as to be greater than if we could.

The language denotes the man; a course or refined character finds its expression naturally in a coarse or refined phraseology.—Bovee.

Talent, lying in the understanding, is often inherited; genius, being the action of reason and imagination, rarely or never.—Coleridge.

What now is the most important attribute of man as a moral being? May we not answer, the faculty of self-control?—Herbert Spencer.

In matter nature allows no atom to elude its grasp; in mind, no thought or feeling to perish. It gathers up the fragments that nothing be lost.—Thomas.

The art of nations is cumulative, just as science and history are; the work of living men not superseding, but building itself on the work of the past.—Ruskin.

Harmless mirth is the best cordial against the consumption of the spirit; wherefore jesting is not unlawful, if it trespasseth not in quantity, quality, or season.—Fauler.

The moving finger writes, and having writ, moves on, nor all your piety nor wit shall lure it back to cancel half a line, nor all your words wash out a word of it.—Omar Khayyam.

Kenneth Beazore had the good fortune to receive a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when three members of his family were sick with dysentery. This one small bottle cured them all and he had some left which he gave to Geo. W. Baker, a prominent merchant of the place, Lewiston, N. C., and it cured him of the same complaint. When troubled with dysentery, cholera or cholera morbus, give three merely a trial and you will be more than pleased with the result. The praise that naturally follows its introduction and use has made it very popular. 25 and 50 cent bottles for sale by John M. Rose.

Some preachers seem to find time to study about everything else but the sun except the Bible, and then scratch their heads by the hour wondering what to preach about.

My boy was taken with a disease resembling bloody flux. The first thing I thought of was Chamberlain's Colic, Cholera and Diarrhoea Remedy. Two doses of it settled the matter and cured him sound and well. I heartily recommend this remedy to all persons suffering from a like complaint. I will answer any inquiries regarding it when stamp is in closed. I refer to any country officials as to my reliability. WM. ROACH, J. P., Primary, Campbell Co., Tenn. For sale by John M. Rose.

As long as a preacher knows nothing about God except what he has learned from books, it is a waste of time for him to take a text and try to preach.

A first class 25 horse power portable saw mill complete, and if needed, a good corn mill, all in complete order. Price and terms reasonable. For particulars address Maytown Mill Co., Maytown, Ky.

### CURRENT NEWS AND COMMENT.

Congress was looked to adjourn Tuesday at 2 p. m., and it is to be hoped that the adjournment did not hang fire.

The tide of war seems to have turned in favor of the pitails. Thirteen hundred Japs fell before a heavy artillery fire in one engagement, and 6,000 were routed by 1,000 of the Mongolians.

The rapid increase of the California lemon crop and also of the Florida lemon is driving the Spanish and Italian importers into close quarters. Florida's crop this year will aggregate, it is estimated, 200,000 boxes of 800 lemons each. Lemonade will be cheaper.

Judge Beckner, Democratic candidate, and his Republican opponent, Hon. John L. Bosley, will address the people of this place on Tuesday next at the Fair Grounds. And it is probable that Hon. Joe M. Kendall will also be here, though we have not heard from him.

The eleventh annual meeting of the Christian Woman's Board of Missions was held at Lexington last week, and among other matters we note that quite a handsome sum was collected for the Hazel Green home mission. Prof. Cord was placed on some of the more important committees.

They do say that men were paid fifty cents to march in the Owens' procession at Lexington last week. By that means they packed the procession, but as many of the hirelings were from Madison and Jessamine counties, the demonstration on that occasion is by no means an indication of what the vote will be at the primary.

The Republicans hope to storm the Democratic stronghold of the Tenth District at the November election, more through the assistance of general apathy than any available force of their own party, but if every Democratic squire will stand to his post General Apathy and his undisciplined force won't get to fire a gun.

Sixty-two miners were imprisoned and thirty-seven of them lost their lives by a fire following an explosion of gas in a coal mine near Franklin, Wash., Friday. Those who were killed had remained behind in the hope of extinguishing the fire.

The victims were nearly all colored men.

President Cleveland declined to sign the Tariff bill, and it becomes a law without his signature. It is undemocratic, and Mr. Cleveland did exactly right in not signing it. But for that, it is better than the McKinley bill, and we have made up our mind to try and live under it until our friend, Bourke Cockran, can gather enough of his kind to inaugurate free trade and sailors' rights.

Little Joe Kendall is now making an active canvass and allowing no grass to grow in his tracks. He is making speeches and mixing with the mountaineers as no man but he can do, and if the Democratic party will but do its duty Mr. Hopkins may continue to preach the gospel until Gabriel blows his trumpet. All the Democratic voters need to do is to vote for Little Joe. He will carry the Democratic banner to victory.

Some of our exchanges mention Hon. O. C. Bowles, of Pike county, as a probable candidate for Governor, and THE HERALD rises to remark that if the honorable gentleman will consent to make the race, we are for him against the field. Eastern Kentucky can get the nomination this time if the Democratic leaders will but try for it, and it does seem that this neck of the woods should have a chance sometime. That time is now, and we say: Hurrah for Bowles!

John L. Bosley, the gentleman nominated by the Republicans of this district, is one of the most affable men we ever met. But with all he is a slick citizen in a political sense, and an artist who can paint the blackest kind of Republican jobbery in such beautiful colors as to hide them from those who fail to look closely. Aye, he is capable of decorating the most flagrant frauds with such pretty flowers that one will be attracted by their fragrance and lose the stronger scent emitted by the fatal mass. He will bear watching and plenty of it.

John D. White, who now claims his home at Manchester, in Clay county, has publicly announced that he will run as an Independent Republican candidate for Congress from the Eleventh District. Dave Colson and Silas Adams will contend for the nomination through a primary, and however it may end there will surely be two, and may be three, Republican candidates. If they will keep up this Kilkenny cut fight until after the November election, the Eleventh will have been redeemed from Republican rule and a Democrat will be elected to the position.

Democrats of the Tenth Congressional District should be up and doing. The Republicans, hoping to slip a man in, for the short term, last week nominated John L. Bosley, editor of the Winchester Sun, and one of the brainiest men in the party. He is also a very affable gentleman, and one calculated to make friends among those especially who are not dyed in the wool. Mr. Beckner is decidedly the better man of the two in point of legislative ability, and Democrats can make no mistake in voting for him, and thus letting Mr. Bosley severely alone.

Should Col. Bowles, of Pike county, consent to make the race for Governor he is almost sure to get the solid vote of Eastern Kentucky, and without it neither of the other gentlemen can hope to secure the nomination. It is conceded that the other candidates have Central and Western Kentucky equally divided between them, and their only way to each other suggests the conclusion that they would

prefer Bowles to his immediate opponent. Hence we think Mr. Bowles has them on the hip, and if he will avail of the advantage of his position, he can win the victory.

### CAUGHT AT LAST.

Clever Work of Detectives Drake and Cardwell, of the K. U. Railway. Detectives George Drake and Jerry Cardwell, of the Kentucky Union road, returned to Lexington last evening from Winchester, where they did a very clever piece of detective work.

For some months past complaints have been received from merchants along the line of the K. U. and of the C. & O. roads, and hundreds of dollars' worth of goods have been stolen.

Detectives Drake and Cardwell, after watching for some days, discovered that a regular organized band of thieves were at work and Monday night caught three of them. Hub Jackson, John Henry, and John Henry were caught in the very act of breaking open a car filled with groceries.

After questioning these men, one of them broke down and confessed that they had been stealing for some time, and named as their accomplices two merchants of Winchester, Shelton Massie and Moses Mitchell. A search of their stores resulted in the finding of a large quantity of stolen goods. Many of the articles still had the direction tags upon them and showed conclusively that they were stolen.

It seems that the three parties first named would steal the goods, take them to the groceryman, who would dispose of them and divide the proceeds. So successful had they been in the business that they were just about to move into new and larger quarters.

Detective Drake deserves great credit for breaking up this organized band of thieves, and their capture adds another feather to the already great number in his cap.—Lexington Transcript.

### MORGAN COUNTY.

Maytown Misdies. Born, to the wife of E. W. Meeks, a twelve pound boy.

The sick of our town, and near town, are all convalescing.

Our people are speaking here most every day for Judge Beckner and on Jo. See?

E. H. May went to West Liberty Monday to hear Judge Beckner and Capt. Brass speak.

We have no typhoid fever in or near town, notwithstanding the report that it is dangerous to go through town. We have one case of typhoid fever, and some malaria, so we are informed by Drs. Kash and Seawigs.

For information of the many friends of Mrs. Peter Little, deceased, her funeral will be preached at Hickory Grove church, in Meade county, on the third Sunday in October.

We have a yellow fever yet, but we have some fine yellow moccasins as you will find anywhere. There is a town for the editor and his better-1, of the HAZEL GREEN HERALD.

Mr. and Mrs. W. F. Clark, Walter Clark and Miss Besse Clark, of Virginia, Mr. and Mrs. J. B. Cant, Miss Ora and Master Orvel, of Cecil, and Mrs. J. M. Cecil, of Grassy Creek, are visiting the families of E. H. May and W. F. Sample.

WINGLESS. Real Evolutions.

Mrs. Julia McGuire, of White Oak, was visiting relatives here last week.

Dr. J. F. Lockhart takes his colt to Hazel Green to-day to be in training for the fair.

According to previous arrangements the base ball club of this place went to Mt. Sterling, last Friday, to play the second nine of that place. The Mt. Sterling nine made the propositions stating the arrangements for expenses, time to play, &c., and the "Peavines" accepted. But when they went they were informed that the propositions were made by unauthorized persons, and if they got a game they would have to play in the forenoon, as other teams were to play that day, so a game was commenced, but about the fourth inning a shower of rain stopped the playing, and it was declared no game. The "Peavines" were treated with very poor base ball courtesy, having "root their own bills," and afterwards learned that the nine which they played against was "made up" principally of what was recently the Mt. Sterling first nine. So it appears that peavines and bluegrass don't mix very well. Our boys started for home Saturday and on the road were challenged by the "Peter Trace" club near Richmond, and they stood and played the game, resulting 12 to 11 in favor of the Peavines. They had a nice square game, and Peavines stayed over night at Richmond, and came home praising "Peter Trace" for their fairness and hospitality.

BLURT. A few good bacon hams wanted at this office, for which we will pay 10 cents a pound.

When in Lexington call on L. & G. STRAUS, Leading Clothiers, who carry a larger line of CLOTHING and sell for less money than any house in the bluegrass capital. A Watch free with every purchase of \$5, or over.

# THE HERALD

For Sheriff.  
We are authorized to announce SAM HENRY WILSON as a candidate for sheriff of Wolfe county, subject only to the will of the people at the polls in November, 1894.

**THIS PAPER is all home print, and if you want all the good things it contains you should read every article on each of the eight pages. You will find all the local news that way.**

SPENCER COOPER, : : : Editor.

Are you coming to the fair? That you are!

If you see anything in THE HERALD you don't like cut it out.

Willie Quicksall, who has been very sick for two weeks, is able to be up again.

Miss Rosa Trimble was some better on Wednesday, which will be good news to her many friends.

Miss Myrtle Maxey, one of the most pleasant little girls of West Liberty, is visiting relatives in town.

Miss Ada Wills, of Maytown, was still quite ill on Wednesday, but her father, Jordan Wills, was reported better.

James F. Egan, esq., of Winchester, is agent of the Day House. Mr. Egan is very much pleased with his visit.

Morgan Spencer, the man who was shot by James Edwards on the 28th day of July, was said to be worse Wednesday.

Everybody in Eastern Kentucky should attend the Hazel Green Fair this year, as the racing will be especially good.

Deputy Sheriff Lum Hanks has a trotter at the Fair Ground track that it will do well to keep an eye on. He steps lively.

We are in receipt of a communication from Ezel which came too late for publication in this issue, but will appear next week.

The earlier symptoms of dyspepsia, heartburn and occasional headaches, should not be neglected. Take Hood's Sarsaparilla to be cured.

Our young friend, Henry L. Godsey, will be home from Washington about Monday or Tuesday, and he may remain with us indefinitely.

This is not a local, but it will be of interest to our people to know that the new tariff law went into effect on Monday night at 12 o'clock.

N. L. Ware and wife, of Lexington, are guests of the Day House. Mrs. Ware is a sister of Miss Ponce Worthington, who was visiting here last year.

Mrs. Cord and Robert will be here Friday, and, by the way, Mrs. Cord wishes some nice fresh butter delivered to The Home as soon as she arrives.

The news received here indicates that Nathan Day was on Saturday chosen as the Democratic candidate for County Judge of Breathitt, his majority being 80.

Mrs. Ellen Kash requests us to announce that she will take boarders during the Fair, and give them the best the market affords at reasonable rates. Call and see her.

**BOARDING.**—Mrs. F. N. Day desires to announce to the people who may attend the fair that she will be prepared to give them meals promptly and at reasonable figures.

The directors of the Hazel Green Fair Association are requested to meet at the Floral Hall on the Fair Grounds, Saturday, September 1, 1894.

H. F. PIERATT, President.

If you want to hear good music come to the Hazel Green Fair next Tuesday and hear the West Liberty Cornet Band. They will be here in their brand new uniforms, which are bright blue trimmed with silver.

Come to the Fair next week, and bring along a dollar for Tag Hanks. Like other people, we sometimes need a little money in our business, and if you are in arrears we will be obliged to you if you will pony up.

Miss Sabina Taubee is quite ill at the home of her grandfather, Major W. H. Taubee, in Morgau county. She has typhoid fever, and her father, Dr. John A. Taubee, is attending her very closely.

Those who have not had their pianos or organs tuned by expert J. B. Wagner, can have it done during next week, as Mr. Wagner will tune at this place then. Those wanting good work done will address J. B. Wagner, care this office.

R. D. Motley on Monday purchased a match for his big gray mare, and he now has as handsome a pair of mare mules as any to be found in the mountains. They are about sixteen hands in height, and when in full flush will be beauties.

Chaney's 4-year-old black mare, with only a few weeks' training, is showing remarkable speed, and it is thought by some that she will go in 2:20 before the season is over. She is a pacer and she goes like a whirlwind, though her gait is very smooth.

Willie Day, who is now clerking for Greenwald & Horton, of Spencer, is now visiting his parents, Mr. and Mrs. F. N. Day, of this place. Will was for a long time off and on, connected with Turk Henrich's office, and we are always glad to see him.

President Pieratt requests us to announce that ladies and children will be admitted to the Fair free on the first day, and it is hoped that every lady in the mountains will on that occasion contribute something for the floral hall exhibition.

J. M. Haynes, jeweler, has located in Hazel Green and will be found at the store of John M. Rose. Bring your watches and fine jewelry to him for repairs. He is a first-class workman and guarantees his work at the most reasonable prices.

Elder J. T. Pieratt will preach at Ezel, Morgan county, next Saturday night and Sunday at 10:30 a. m. and 3 p. m. This will be his last appointment at that place, after the annual meeting, which will be held on Elk Fork, September 14, 15 and 16, 1894.

At Cooper, Mrs. F. N. Day will close out her entire line of summer hats and trimmings at less than cost rather than carry them over, and now is your chance to buy bargains. Ladies' trimmed hats can now be had at from 50c to \$1.50. Give her a call.

The Hazel Green Fair will commence Tuesday next, and promises to be one of the most interesting exhibitions we have yet had. The trotting wheel abroad, and that includes the pacing annex, may look to hour of some speedy ones developing right here next week.

Salsberyville parties arrived Tuesday night with three horses for exhibition at our fair, and there are ten or twelve more to come from that place. Dr. Lockhart, of Ezel, came in Tuesday with three horses for the Fair, and others from that neighborhood will be here.

The funeral of the late Andrew Kash will be conducted at Daysboro on Sunday, September 2, by Elders H. H. Little and Leander Lacy. The deceased was one of the pioneers of this section, and numbered among his acquaintance hundreds of our best people, and they will all be there.

This office has recently printed for Elder J. A. Howard some 400 copies of his sermon "On the Building of God's Church," a most engaging pamphlet, which can be had at five cents per copy. He left several copies of the sermon with us, and parties wishing them can get them at the above price.

J. H. Phillips, representing the hardware house of W. M. Kerr & Co., of Ironton, Ohio, accompanied by his wife, was a guest of the Day House on Tuesday night. Mrs. Phillips has accompanied her husband all over the territory represented by him, and was much pleased with the mountains.

Ralph Zevy, representing the Merchants' Job Lot House, Cincinnati, will be here during the fair with a full line of fall samples, and requests the merchants of this section to hold their orders until they look him over.

# ENGLISH KITCHEN.

12 W. SHORT STREET. LEXINGTON, KY.

Regular Meals, 25 cents. Meals to order at all hours. Breakfast from 5 to 9 a. m. Dinner from 10 a. m. to 8 p. m. Supper from 5 to 9 p. m.

GUS. LUGART, Proprietor.

**LOST.**—My son, Willie, Roberts, aged 13 years, left my house some five or six weeks ago, since which time I have heard nothing from him. He is dark complexioned, black eyes, small to his age, and has a scar on the left side of his head pointing to his eye. Any information as to his whereabouts will be thankfully received. Respectfully, H. S. ROBERTS.

Grassy Creek, Ky.

There was a rumor in town Tuesday to the effect that Tom Spencer, who has been down with fever for five or six weeks was dying. Later—Mr. Spencer died early on Wednesday morning. He will be buried today in the family burying ground of his brother, James Spencer, on Stillwater, where the remains of two of his children repose.

**LOST.**—The mail box between this place and Campton, on Tuesday had an express package for us containing a large number of cents, and by some means the box containing them was hurled between here and Stillwater, in consequence of which some forty pieces were lost. They are lead, with copper face, and any one finding them will confer a favor by leaving them at this office.

On Saturday night, the 15th inst. John Henry Drake, Deputy Sheriff of this county, and Jake Wironum, also of this county, arrested two negroes in the lower edge of Powell, or on the Montgomery line, who had stolen a horse from Tom Booth, of this county, and one from a man named Morton in Powell county. This was on Tuesday night, and on Wednesday of last week Jake Wironum and Henry S. Lykins arrested another negro in Mt. Sterling, who had stolen a horse in this county. With all their arrests they recovered the stolen property.

President Pieratt is quite enthusiastic over the prospects of the coming Fair beginning next Tuesday, and is leaving nothing undone that will tend to its success. Indeed, even all the Fair officials as energetic as he is the word success would hardly do justice to the occasion. He has let all the privileges at good prices and secured one of the best bands in Eastern Kentucky for the occasion, arranged to furnish the multitude with fresh drinking water, etc., etc. In brief he has done every and all things to bring success, and if the Fair Association does not meet with it on this occasion, it will be no fault of his.

Little May Bentley

**Born a Genius**  
Disease Threatens to Cut Short a Noble Career

But Hood's Sarsaparilla Restores Good Health.

Little May Bentley is an accomplished eloquent and natural born speaker of only 12 years of age. She is the only child of temperance lecher before the public. Her genius, however, did not exempt her from an attack of a disease of the blood. Her own words best tell the story: "C. I. Hood & Co., Lowell, Mass."

"I thereby join with the many thousands that are recommending Hood's Sarsaparilla. I had been troubled from infancy with gathering in the blood. I was compelled to leave school upon the doctor's advice, and I thought it was the only thing to save my life, but I

Continued to Grow Worse.

I was persuaded finally by a friend to try Hood's Sarsaparilla. The use of one bottle acted effectively upon the blood and I began to improve. After the use of three bottles the gathering ceased and I am cured of my former trouble. I owe my life and will always remain a true friend to Hood's Sarsaparilla." ## THE PARASOL ANT.

How the Industries Insect Acquired its Name.

The fact that the "parasol ant" of the West Indies has grown to be such a pest that the government of Trinidad has had to adopt appropriate legislation against its ravages draws attention to the remarkable habits of the little creature. It has been definitely determined that they do not cut the circular bite out of the leaves that they bear away so like a parasol over their heads, for the purpose of eating them, or for nest lining, as has been suggested. These bits of leaves are simply wanted as the soil on which to cultivate a certain sort of fungus that they feed upon; and the ants are as expert in its culture as any market gardener of Paris in the growing of his beloved mushrooms. A nest of these tiny agriculturists has thus been described by the director of public works of Trinidad, who has had them on his study table. "Each forager dropped his portion of leaf in the nest, and it was taken up by a small worker and carried to a clear space to be cleaned. It was then taken in hand by the large workers, which, after licking it with their tongues, reduced it to a small, black ball of pulp. These balls were built on the edge of the already formed fungus bed, and slightly smoothed down. The new surface was then planted with portions of the fungus brought from other parts of the nest. Each piece is put in separately, and the ants know exactly how far apart the plants should be. It sometimes looks as if the bits of fungus had been put in too scantily in places yet in about forty hours (if the humidity has been properly regulated) it is all evenly covered with a mantle as of very fine snow." When it is remembered that most persons who have tried the cultivation of edible fungi have failed, because of the difficulties arising from the handling of the spores and the maintenance of the needed humidity, it almost seems that we must concede to these tiny creatures a greater degree of agricultural skill than is possessed by the average farmer.

### Put Out in Just Ten Seconds.

Our citizens to the number of two or three hundred gathered on the burnt district here, on last Monday afternoon at two o'clock, to witness the exhibition made by the Cincinnati Tin and Japan Fire Extinguisher Co. The test was given under the personal supervision of Mr. Herman B. Wells, president of the company, of Cincinnati, and Mr. W. V. Snyder, the local agent, of Georgetown, Ohio, and was satisfactory in every respect, clearly demonstrating the Stempel Extinguisher to be one of the best methods yet devised or invented for the controlling of fire.

A structure of pine boards was built, and after being thoroughly saturated with coal-oil, a match was applied. The extinguisher was then turned on and the fire put out in about ten seconds. All who witnessed the test were thoroughly satisfied that the Stempel will do all and more than is claimed for it. The headquarters of the company are S. E. Cor. Sycamore and Canal Sts., Cincinnati, Winchester (Ohio) Herald.

### A Strange Plant.

In the island of Hennon is a plant known as the wild orange, which produces a fruit, green at first, afterward bluish, and verging into purple as it ripens. This has been tested and found to make a beverage in every way equal to coffee and at a much lower price. The product is called "mussaenda," and can be used alone or mixed with pure coffee. It is announced that about twenty-four thousand acres of this plant are now being cultivated. It is most likely, however, that cherry, more than coffee, will suffer from the introduction of "mussaenda."
